## Engagement

Class engagement helps to add context to the information displayed in the report card. Engagement is measured by tracking how often students log in, paying bills on time, and taking all available quizzes. High class engagement leads to better overall statistics for knowledge, adult capability and overall value.

Class Name	Size	In Progress	Avg Engagement
Finance Fanatics 3	25	No	96.720000%
Finance Fanatics 1	24	No	91.250000%
Finance Fanatics 2	25	No	88.560000%

## Knowledge

Each student is offered a pre simulation and post simulation knowledge assessment. This allows students and teachers the ability to track marked improvement at the class level. We've also included the class average for the weekly quizzes to use a guide.

Class	Weekly Overall Quiz Avg	Pre Assessment Avg	Post Assessment Avg	Pct Improvement
Finance Fanatics 1	81.54 %	40.683157%	57.519565%	41.38 %

Class	Weekly Overall Quiz Avg	Pre Assessment Avg	Post Assessment Avg	Pct Improvement
Finance Fanatics 2	85.68 %	45.62%	67.30%	47.51 %
Finance Fanatics 3	88.72 %	44.30%	72.72%	64.15 %

## Adult Level Capability

Adult level capability is measured based on how many financial goals are achieved by the students. The goals are stacked in a way that makes prioritizing the goals difficult. Achieving at least 3 goals reflects great student level capability and achieving at least 5 goals reflects outstanding adult level capability.

## PISA Standards

This section shows the total number of students who tested at PISA standards Level 5. We align the first seven questions of our Post Simulation Application Quiz with PISA standards. If a student correctly answers all seven questions, they are included in this statistic as achieving level 5 in PISA standards.

Class	# of Students	Achieved Level 5	Percentage
Finance Fanatics 1	24	2	8.33 %
Finance Fanatics 2	25	6	24.00 %
Finance Fanatics 3	25	7	28.00 %

# Value

Based on your students' feedback in the final student survey, we ask students how many future financial mistakes that they think they've avoided by playing Budget Challenge. Based on that number we assign a range of dollars that each mistake would cost based on average overdraft fees or others. Here's what your students said.

Class	Avg Mistakes Avoided in the future	Avg estimated savings by avoiding mistakes	Total Value for Class
Finance Fanatics 1	2.5	\$95.45	\$2,100.00
Finance Fanatics 2	2.85	\$106.00	\$2,120.00
Finance Fanatics 3	2.818	\$105.45	\$2,320.00
